

Lehigh University is committed to fostering an inclusive, safe, and welcoming campus. As a University employee, if I become aware of certain behavior, such as incidents of gender violence, bias, discrimination, harassment, sexual assault, sexual exploitation, stalking, or intimate partner abuse, I am required to report that information to the University Police, an Advocate, or another University official. I will keep the information private, reporting the information only to the people that need to know. These individuals will follow up with you, offering support, resources, options and other information.

If you do not want information reported to a University official, please contact the confidential resources available to you: Counseling & Psychological Services (610-758-3880) or the Chaplain's Office (610-758-3877).
